

OPPORTUNITY: .NET DEVELOPER (BRISTOL OR PLYMOUTH)

We are looking for .NET Developers in Bristol and Plymouth. Working on Video Streaming solutions for Broadcasters and Content Owners in Europe and US, these roles offer a great working environment, working on high profile streaming projects and the chance for progression.

ABOUT THE ROLE

We require an experienced C# .NET Developer to work on our video streaming projects. You must be highly motivated and able to successfully deliver large scale projects for our clients. Our clients are high profile with complicated systems that require deep understanding and good analytical thinking to come up with solutions. You will set the standards in both technical and soft skills for the wider team, supporting less experienced Developers.

AS A .NET DEVELOPER YOU WILL:

- Take the lead developer role on project teams of up to 4 developers.
- Creating, and effectively communicating, technical solutions.
- Setting the example for client communication across the team.
- Support requirements gathering; ensuring that work is 'Ready' to be started.
- Involvement in shaping the companies technical standards and ensuring that they are maintained.
- Mentoring less experienced developers.
- Occasionally travel to London or Europe.

REQUIRED SKILLS:

- At least 3 years' commercial experience as a software engineer.
- Excellent knowledge and skillset in C# with full stack or backend development

- Knowledge of libraries and frameworks to a comprehensive ability. E.g. MVC, APIs, Restful architecture.
- Experience in the software lifecycle continuous build and deployment processes.
- Experience with cloud infrastructure and management. E.g. AWS or Azure.
- Analytical thinking; taking customer requirements and coming up with a technical solution.
- Experience using NoSQL databases.
- Experience with concurrency and multithreaded architecture.
- Knowledge of domain driven design, micro architecture and best practices.
- Code refactoring, TDD, BDD.
- Experience with Agile and lean practices (desirable).

ABOUT VUALTO:

VUALTO is a fast growing company who design, develop and deploy pioneering technology to make online video happen. We are proud to work with broadcasters and content owners throughout the UK, Europe, America and Asia and our products include: live and on-demand video delivery to multiple devices, instant Live2VOD automation, Digital Rights Management, Players and Player SDK's.

We have grown from 4 to 38 people over the past 6 years and we continue to expand our offices throughout the UK. At VUALTO you can enjoy working with a friendly, inclusive and ambitious team, with the opportunity to develop your career and be instrumental in shaping our company's future.

A work-life balance is so important to us and it's one of the reasons we are choosing to grow our team in the South West. Not only does it offer stunning beaches, countryside and a colourful metropolitan lifestyle, it's also a thriving, and ever growing tech hub. We're really proud of our company culture – it's a place where you can inspire, be inspired and really make a difference.

OTHER BENEFITS OF WORKING FOR VUALTO:

- Company pension
- Childcare vouchers
- Generous holiday package
- Perkbox membership
- Salary sacrifice bike scheme
- Flexible working hours and break times
- Relaxed dress code

LOCATION:

This role will be based in our central Bristol or Plymouth offices.
